

Building site to Castelnuovo del Garda

Ref. P 27.55

In the heart of the quiet hamlet of Sandrà, in Castelnuovo del Garda, a refined new residential complex comprising just three units is taking shape. Nestled in a secluded, green setting, this project offers the perfect blend of privacy, comfort, and proximity to key amenities.

The project offers modern and functional living solutions: a townhouse with a double garage, a four-room apartment on the ground floor with a large private garden, and a three-room apartment on the first floor featuring spacious habitable terraces. Each apartment has a single garage and a private uncovered parking space, ensuring practicality and independence in daily life.

The building features state-of-the-art systems, including underfloor heating powered by an independent heat pump, a dedicated photovoltaic system for electricity generation, PVC windows and doors with mosquito nets and motorized shutters, and armored doors for added security and comfort.

This project represents a unique opportunity for those who wish to live in a home that combines aesthetics, energy efficiency, and quality construction, within an environment designed for daily well-being and tranquility.
