In Valeggio sul Mincio, in an elegant and quiet residential area, we offer a new two-level apartment with a terrace and private garage.

The property is located in a recent complex of only five units, designed with attention to detail and excellent construction quality. The private entrance leads to a habitable terrace, perfect for al fresco dining. The first floor features a bright open-plan living area with French doors opening onto the terrace, two bedrooms, both with balcony access, and a bathroom with a window. An internal staircase leads to the upper floor, where there is an attic of approximately 83 square meters, a versatile space ideal as a study, hobby area, or additional room to customize. Completing the property, the basement, directly connected to the house, features a garage and cellar, functional spaces that ensure comfort and convenience for daily living.

The units are constructed with state-of-the-art materials and systems: PVC windows with double glazing and motorized aluminum shutters, electrically powered air-to-water heat pump heating, radiant floor heating with heated towel rails in the bathrooms, and provision for summer cooling. Each unit is also equipped with a 3 kW photovoltaic system, demonstrating the project's focus on energy efficiency, living comfort, and sustainability.

Delivery expected winter 2027/2028.
