In Valeggio sul Mincio, in an elegant and quiet residential area, we offer a new ground-floor apartment with a garden and private garage.

The property is located in a recent complex of only five units, designed with attention to detail and excellent construction quality. The private entrance leads to the porch, an ideal space for al fresco dining. The ground floor features a bright open-plan living area with French doors opening onto the porch. A comfortable hallway leads to the sleeping area, consisting of two bedrooms, both with access to the balcony and rear garden, and a bathroom with a window. The property is completed by a garden on two sides, and in the basement, directly connected to the house, there is a garage, cellar, and bathroom/laundry room, functional spaces that guarantee comfort and practicality in daily life.

The units are constructed with state-of-the-art materials and systems: PVC windows with double glazing and motorized aluminum shutters, electrically powered air-to-water heat pump heating, radiant floor heating with heated towel rails in the bathrooms, and provision for summer cooling. Each unit is also equipped with a 3 kW photovoltaic system, demonstrating the project's focus on energy efficiency, living comfort, and sustainability.
