Modern villa with hillside views - Santa Lucia ai Monti, Valeggio sul Mincio

In the hilltop hamlet of Santa Lucia ai Monti, in an exclusive and private setting, stands a contemporary villa with a refined character and essential architecture.

Clean lines, large glass surfaces, and quality materials blend together in a project that enhances natural light and the harmonious dialogue between interior and exterior.

The villa is spread over two harmoniously arranged levels: on the ground floor, a separate entrance leads to the private garden, featuring a covered porch ideal for outdoor relaxation and the possibility of building a swimming pool, further enhancing the quality of living and the livability of the outdoor spaces. The open-plan living area offers bright and welcoming spaces, complemented by a convenient laundry room and a guest bathroom with an anteroom.

The upper floor features the master bedroom with a walk-in closet and private bathroom, two additional generously sized bedrooms, and a second bathroom. Completing the level is an elegant two-sided terrace, perfect for creating a lounge area.

On the ground floor there is a double garage directly connected to the house, an element that adds convenience and functionality to

everyday life.

The villas will be built with state-of-the-art materials and systems.
